

MATERIAL SAFETY DATA SHEET

COMPANY DETAILS: VACSPARE GROUP OF COMPANIES

Date:08/03/07

22 Sarton Road, Clayton, VIC. 3168

VIC: 1800 815 270 NSW: 1800 047 718

QLD: 1800 819 809 Sth AUST: 1800 064 404

ABN: 65 004 568 441

Hazard Statement: Is hazardous according to criteria of Worksafe Australia.

Product Name: PULLMAN THICK BOWL CLEANER

Intended Use: Toilet Bowl Cleaner.

Hazchem Code: N/A

Product Type: Surfactant Blend

Poison Schedule: 5 Caution

UN Number: N/A

Dangerous Goods: N/A

PHYSICAL PROPERTIES

Specific Gravity: 1.1

Solubility in Water: Soluble

Appearance: Transparent Blue Liquid

pH : 4

Volatiles(%) : 10 %

Flammability Limits: Not Flammable

INGREDIENTS

Chemical	CAS No.	Proportion
Ethoxylated Detergent	68131-39-5	< 10 %
Suphamic Acid	5329-14-6	1-5 %
Perfume		< 10 %

Other products not regarded as hazard.

HEALTH HAZARD INFORMATION

EFFECTS

Eye (Contact): Exposure to concentrate may lead to irritation characterized by redness, watering and itching. Avoid contact with eyes.

Skin (Contact): In the concentrated form, may cause irritation and redness and with prolonged use may lead to dermatitis.

Inhalation (Breathing): Not normally in inhalation risk due to low vapour pressure at ambient temperature, and the unlikelihood of forming spray mists.

Ingestion (Swallowing): Ingestion of concentrate may irritate mouth, oesophagus and stomach. Headaches and nausea may result.

FIRST AID - Poisons Information Centre Phone Number 131 126 (Australia wide).

Eye (Contact): Immediately hold the eyes open and wash continuously for at least 15 minutes with fresh running water. To ensure irrigation under eyelids by occasionally lifting the upper and lower eye lids. Removal of contact lenses if worn after an eye injury should only be undertaken by skilled personal. Seek medical attention.

Skin (Contact): Immediately wash contaminated skin with plenty of water. Remove contaminated clothing and wash before reuse.

Inhalation (Breathing): This route of exposure is not likely due to product nature, if used as directed. If inhalation should occur remove from source to fresh air and treat symptomatically.

Ingestion (Swallowing): If swallowed DO NOT induce vomiting. Give a glass of water to drink. Seek medical attention if warranted. Have label or Material Safety Data Sheet to show if possible.

First Aid Facilities: Eye wash or running water.

Advice to Doctor: Treat symptomatically.

PRECAUTIONS FOR USE

Protective Equipment:

Gloves: Gloves of rubber, plastic, PVC, nitrile or neoprene or gloves with proven resistance to the ingredients listed should be worn if prolonged contact with skin is expected.

Eye: Protection: Not normally required. In case of spills wear approved splash proof safety glasses/goggles.

Clothing & Other Protective Equipment: Wear appropriate clothing eg. Long sleeved uniforms & pants and protective footwear to prevent skin contact. Launder soiled clothing before reuse.

Flammability: Nil.

SAFE HANDLING INFORMATION

Storage: Not flammable & non-combustable no separate storage required. Store in a tightly closed container at room temperatures.

Transport: Not classified as dangerous good. Ensure containers are correctly labeled, securely sealed and stowed.

Spills: Mop up or wash small spills to drain with excess water. Large spill should be contained and collected or absorbed onto inert material such as sand & placed in a clean-labeled container for disposal. Wash area thoroughly with water & ensure floor is not slippery afterwards.

Disposal: For small quantities flush down sink. For large quantities absorb onto inert material & place into a plastic container & prior to disposal through normal refuse systems.

Fire-Explosion Hazard: Nil

Special Fire Fighting Procedures: Nil.

Hazardous Decomposition Products: Not Known.

Materials to avoid: Do not mix with detergents soap or other cleaning chemicals
